

Welcome from Child Support Enforcement Program

Our goal is to ensure that
families receive the child support
they need and deserve

Parents come to us for help to:

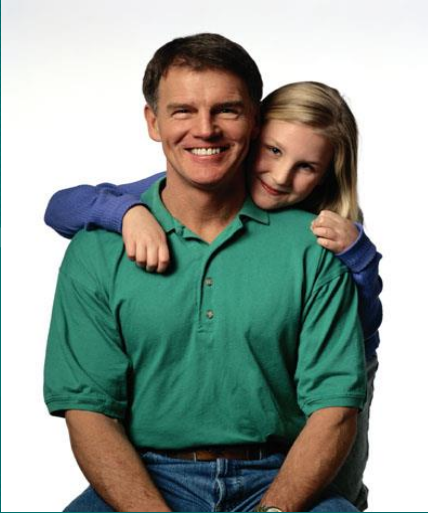

- Prove who is the legal father
- Get a support order
- Find a parent to get or enforce a support order
- Collect and send support payments
- Enforce support and medical orders

We do not handle
visitation or custody issues

Paternity is legal fatherhood

Paternity is needed when a child is born to an unmarried mother.

Every child has a right to know who their parents are

Ways to prove paternity

- Both parents can sign a form
- Do genetic testing
- Take the case before a judge

How we figure out the child support amount

- It's the law
- Both parent's income
- Needs of the child

Support amounts
should be fair and
right for all children

Getting an order

- An order is a legal document that outlines your responsibility to your child.
- We can get an order by using an Administrative Process or a Judicial Process (Court).
- An order may be for paternity and/or support.

Some ways we enforce child support:

- Send past due letters
- Notify employers to deduct support from wages
- Intercept tax refunds and lottery winnings
- Suspend licenses such as driver license
- Notify the credit reporting agencies
- Take the case to court

**Your responsibility to support your child
doesn't stop while you are incarcerated**

Confidentiality

- Protecting your confidential information is important to us
- We have laws and policies in place to make sure your information is secure.
