Instructions for Filing the Gas and Sulfur Production Quarterly Tax Return

Who Must File? Every producer of gas and sulfur in Florida must file a quarterly tax return. Producers must file a return even if no tax is due. Producer means any person who:

- Owns, controls, manages, or leases oil or gas property.
- Owns, controls, manages, or leases oil or gas wells.
- Produces any taxable gas or sulfur product.
- Owns any royalty or other interest in any taxable product (consistent with gas and sulfur production) or its value, whether the taxable product is produced by, or on behalf of, someone under a lease contract or otherwise.

When Must Estimated Tax be Paid? Estimated tax must be paid in monthly installments (see Form DR-144ES). You must pay any balance due on your quarterly return on or before the due date on the return.

Return Due Date: The quarterly return is due on or before the 25th day of the second month following the end of each calendar quarter. For example, the return for the third quarter, ending September 30, would be due on or before November 25. If the due date falls on a Saturday, Sunday, state or federal holiday, returns and payments will be considered timely if postmarked or delivered on the next business day. Late-filed returns are subject to penalty and interest.

Late Returns and Penalty: If your return and payment are late, a delinquency penalty of 10% of any tax due will be added for each month, or portion of a month, the return is late. A maximum delinquency penalty, which cannot exceed 50% of tax due, will be assessed. A minimum penalty of \$50 per month, or portion of a month, applies even if no tax is due. This penalty cannot exceed \$300. Florida law provides a floating rate of interest for late payments of tax. Interest rates, including daily rates, are updated semiannually on January 1 and July 1 of each year and posted at floridarevenue.com/taxes/rates.

Underpayment of Estimated Tax: You must pay a penalty (at the rate of 12% per year) and interest (at a floating rate) on any underpayment of estimated tax. For more information, see Form DR-144ES.

Penalty for Substantial Underpayment: If your underpayment exceeds 35% of the total tax due, you will be subject to a substantial underpayment penalty of 30% of the underpayment. This will be in addition to other penalties and interest.

Electronic Payment of Tax: You may voluntarily pay taxes electronically. However, if you paid \$5,000 or more in severance taxes during the State of Florida's prior fiscal year (July 1 - June 30), you must electronically pay taxes in the next calendar year. You may use the Department's free and secure website to pay tax electronically. Visit floridarevenue.com/taxes/filepay for information on paying tax electronically.

When you **electronically pay**, you must initiate your electronic payment and **receive a confirmation number no later than 5 p.m. ET on the date specified on the Florida eServices Calendar of Electronic Payment Deadlines (Form DR-659)** to avoid penalty and interest. Keep the confirmation number in your records. Visit floridarevenue.com/forms and select the eServices section for electronic filing information and Form DR-659.

Amended Returns: If you are filing an amended return, use a new Form DR-144 and check the "amended" box on the front page. Enter your name, address, federal employer identification number (FEIN), and the taxable quarter you are amending. Complete the entire return, showing the total production of gas and sulfur for the quarter covered by the amended return. On Line 12d, list the estimated payments made, and the payment (if any) made when the original return was filed. If Line 13 results in additional tax due, you must calculate penalties and interest from the original due date to the date the amended return and payment are postmarked.

Mail your completed return and payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0150

Tax Rates – Annual tax rates for gas production and for sulfur production are determined annually by the Department as provided in sections 211.025 and 211.026, F.S., and entered by the Department. Annual tax rates are posted at floridarevenue.com/taxes/rates.

Schedule I: Complete this schedule if you are a producer of gas. Gas means all natural gas, including casinghead gas, and all hydrocarbons not defined as oil. This excludes any hydrogen sulfide gas or sulfur contained, produced, or recovered from such hydrogen sulfide gas. You must specify the volume by thousand cubic feet (mcf) as produced by county. A cubic foot is defined as the volume of gas contained in one cubic foot of space at a base temperature of 60 degrees Fahrenheit and a base pressure of 14.65 pounds per square inch. Enter the county name where the gas is produced. Enter the total taxable volume on Line 4 and calculate the tax due.

Schedule II: Complete this schedule if you are a producer of sulfur. Sulfur means any sulfur produced or recovered from the hydrogen sulfide gas contained in oil or gas production. Enter the tons produced by county. Enter the county name where the sulfur is produced. Enter the total tons on Line 8 and calculate the tax due.

Schedule III: Complete this schedule if gas or sulfur royalties are due to the State of Florida for any production field on state-owned lands. Enter the average value per unit of production for each month during the quarter.

Instructions for Completing the Return

Line 11 (Gross Tax Due) – Enter the sum of Line 6 (Schedule I) and Line 10 (Schedule II).

Line 12 (Payments and Other Credits):

12a. (Credit for Contributions to Eligible Nonprofit Scholarship-Funding Organizations) – Enter amount of credit, limited to 50% of Line 6. Attach a copy of the certificate received from the eligible nonprofit scholarship-funding organization(s).

12b. (Credit for Contributions to Eligible Charitable Organizations) – Enter amount of credit, limited to 50% of Line 6, less the amount of credit taken on Line 12a. Attach a copy of the certificate received from the eligible charitable organization(s).

12c. (Credit for Contributions to the New Worlds Reading Initiative) – Enter amount of credit, limited to 50% of Line 6, less the amount of credit taken on Lines 12a. and 12b. Attach a copy of the certificate received from the administrator for contributions to the New Worlds Reading Initiative.

A credit is available against the severance tax on gas production for contributions to:

- eligible nonprofit scholarship-funding organizations under s. 1002.395, F.S.,
- eligible charitable organization under s. 402.62, F.S., or
- the New Worlds Reading Initiative under s. 1003.485, F.S.

More information about these credits, including the application process, is located on the Department's website.

Prior to using one or more of tax credits listed above (Lines 12a., 12b., or 12c.), please validate:

- the Department of Revenue approved your tax credit allocation,
- your contribution was made to an eligible recipient, and
- you received a certificate of contribution.

One hundred percent (100%) of eligible contributions are allowed as a credit, but the amount of credits taken cannot exceed 50% of the gross tax due reported on Line 6, Schedule I of the return.

If a credit granted is not fully used in any one year, the unused credit can be carried forward no more than ten (10) years. For tax years beginning prior to January 1, 2018, an unused credit for contributions to eligible nonprofit scholarship-funding organizations may be carried forward no more than five (5) years.

12d. (Estimated Tax Payments) – Enter the total estimated tax payments made during the quarter.

12e. (Other Credits) – Enter the total of all credit memos issued by the Department or the amount of overpayment carried forward from the prior quarter.

Line 13 (Total Tax Due) – Subtract Line 12 (the sum of a, b, c, d, and e) from Line 11 and enter the result.

Lines 14 and 15 (Penalty and Interest) – If the return and payment are late, calculate the penalty and interest.

Lines 17 and 18 (Credit and Refund) – If Line 13 is negative, you have overpaid and may apply this amount to the next estimated tax payment or apply for a refund. If you choose to receive a refund, a completed *Application for Refund* (Form DR-26) must be submitted to the Department including documentation establishing the overpayment.

Sign and date your return and mail it with your payment to:
Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0150

If your payment is made electronically, check the box on the coupon to indicate you transmitted funds electronically.

Instructions for Filing the Declaration of Estimated Gas and Sulfur Production Tax and Payment of Estimated Tax

Who Must File a Declaration of Estimated Tax? Every producer severing gas or sulfur and subject to tax must file a monthly declaration of estimated tax. Producer means any person who:

- Owns, controls, manages, or leases oil or gas property.
- Owns, controls, manages, or leases oil or gas wells.
- Produces any taxable gas or sulfur product.
- Owns any royalty or other interest in any taxable product (consistent with gas and sulfur production) or its value, whether the taxable product is produced by, or on behalf of, someone under a lease contract or otherwise.

When is the Declaration of Estimated Tax Due? A declaration of estimated tax must be filed on or before the 25th day of the month following each month that production occurred. If the due date falls on a Saturday, Sunday, or state or federal holiday, the declaration will be considered timely if it is postmarked or delivered on the next business day. For example, the declaration for January (current applied month) is due on or before February 25. The day we receive your payment or filing (or the postmark date if mailed), determines the timeliness of the payment or filing.

How do I Calculate my Declaration of Estimated Tax? Estimated tax means the amount of tax you think you owe for the current month. The estimate may be based on current production figures or on the previous month's production multiplied by the current month's rate (if current production figures are unavailable). To avoid penalties for underestimating tax due, the taxpayer must pay at least 90% of the actual tax due for the current month or an amount equal to the previous month's production multiplied by the current month's rate, whichever is less.

Complete the back of Form DR-144ES to calculate the amount of estimated tax due.

- Line 1** - Enter the amount of gas and sulfur produced during the previous month.
- Line 2** - Enter the current applied month's tax rate.
- Line 3** - Multiply Line 1 by Line 2 and enter the result.
- Line 4** - Enter estimated tax or amended estimated tax for the current applied month.
- Line 5** - Multiply Line 4 by 90% and enter the result
- Line 6** - Enter the amount of your installment (installment must equal or exceed the lesser of Line 3 or Line 5).
- Line 7** - Enter unused credit amount.

Line 8 - Subtract Line 7 from Line 6 and enter the result. Carry this figure to the **"Payment Amount"** on the face of the DR-144ES.

For example, if you are calculating your declaration of estimated tax for the month of July (current month), which is due on or before August 25, you should first look at June (previous month's production). On Line 1, enter the previous month's production for June. On Line 2, enter the current month's tax rate. Multiply Line 1 by Line 2 and enter the total on Line 3. On Line 5, enter 90% of the amount on Line 4. If you do not have final figures and are unsure of the amount of production in July, you should enter on Line 6 the total amount from Line 3 to ensure that a penalty is not assessed for underestimating tax. If you do have final figures and are sure of the amount of production in July, you may send in 90% of the current month's tax due and you will not incur a penalty for underestimating tax.

Filing a Quarterly Return: A quarterly return (Form DR-144) is due on or before the 25th day of the second month following the end of each calendar quarter. We will mail quarterly returns with current tax rates to you during the second month of each quarter (February, May, August, and November).

Electronic Payment of Tax: You may voluntarily pay taxes electronically. However, if you paid \$5,000 or more in severance taxes during the State of Florida's prior fiscal year (July 1 - June 30), you must electronically pay taxes in the next calendar year. You may use the Department's free and secure website to pay tax electronically. Visit floridarevenue.com/taxes/filepay for information on paying tax electronically.

When you **electronically pay**, you must initiate your electronic payment and **receive a confirmation number no later than 5 p.m. ET on the date specified on the Florida eServices Calendar of Electronic Payment Deadlines (Form DR-659)** to avoid penalty and interest. Keep the confirmation number in your records. Visit floridarevenue.com/forms and select the eServices section for electronic filing information and Form DR-659.

Underpayment of Estimated Tax: An underpayment of estimated tax occurs if the monthly estimated payment is less than 90% of the tax determined to be due for the month, and less than the previous applied month's production multiplied by the current applied month's tax rate. Penalty at the rate of 12% per year is due on the amount of any underpayment of estimated tax. Interest is also due on any underpayment of estimated tax, calculated from the due date to the date of payment.

Florida law provides a floating rate of interest for late payments of tax. Interest rates, including daily rates, are updated semiannually on January 1 and July 1 of each year and posted at floridarevenue.com/taxes/rates.

Payment Coupons: Complete Lines 1 through 8 on the back of the coupon. Enter the amount from Line 8 on the front of the coupon. Make sure the name, address, installment number, federal employer identification number, and taxable year are correct. Type or print them if you are using a form that does not have preprinted information. If your payment is made electronically, be sure to check the transmitted funds electronically box on the front of the coupon.

Mail each coupon and payment to:

Florida Department of Revenue
5050 W Tennessee St
Tallahassee FL 32399-0150
