## Instructions for Home Away From Home Tax Credit Notice of Intent to Transfer a Tax Credit

To transfer a tax credit or a tax credit allocation under the Home Away From Home Tax Credit Program, both parties to the transfer must be members of the same affiliated group of corporations.

The transferring member must notify the Department of any tax credit transfer prior to the receiving member reporting the tax credit on a tax return.

A separate notice must be submitted for each member of an affiliated group of corporations receiving a transfer and for each tax type. A transfer of a tax credit allocation may not be submitted on the same notice as a transfer of credit or carryforward credit.

The completed notice must be signed by an officer authorized to sign on behalf of the transferring business. Submit the completed and signed notice using the contact information provided below.

The Department will send you written correspondence either approving an amount of tax credits to be transferred or providing the reason a tax credit transfer could not be approved.

The following tax allocations or tax credits may be transferred from one member of an affiliated group to another member of the same affiliated group:

- Tax credit allocations prior to making a contribution to the eligible charitable organization.
- Tax credit allocations for which contributions have been made to an eligible charitable organization, but the tax credit has not been claimed on a tax return.
- Carryforward tax credit amounts that have not been claimed on a tax return.

A transferred tax credit may only be used against the same tax as the original tax credit approved by the Department. For example, if the transferring member received a corporate income tax credit allocation, the receiving member may only use the transferred tax credit as a corporate income tax credit.

Members receiving a tax credit allocation must make a contribution to an eligible charitable organization during the same period that the transferring member was required to make the contribution. The contribution must be made before the member may claim the tax credit.

A transferred tax credit may only be taken by the receiving member of the affiliated group during the same period that the transferring member was approved to take the tax credit.

A transferred carryforward amount may only be taken as a tax credit during the same time period as the transferring member was authorized to take the carryforward tax credit amount.
