

Florida Tax Certificate Verification Mobile App at a Glance

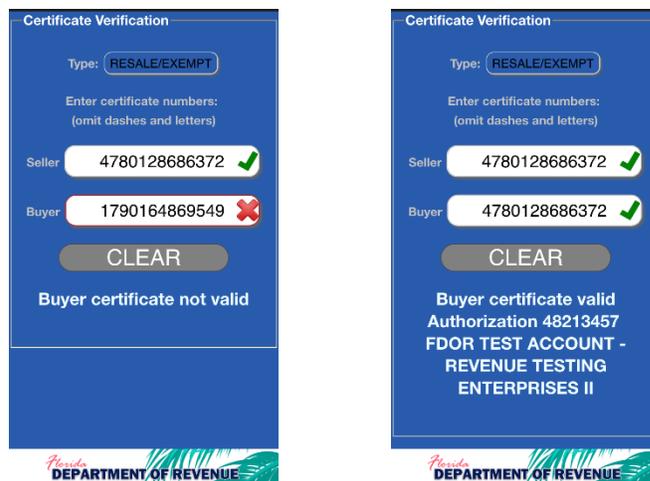

App Versions 1.7.0 and 1.8.2 – Released August 2018

Use the **FL Tax-Verify** mobile app to verify a purchaser's Florida sales and use tax resale or exemption certificate is valid before making tax-exempt sales. To use **FL Tax-Verify**, dealers must be registered to collect Florida sales and use tax and have a valid resale certificate. **FL Tax-Verify** is designed for dealers who transact business away from the office or the computer.

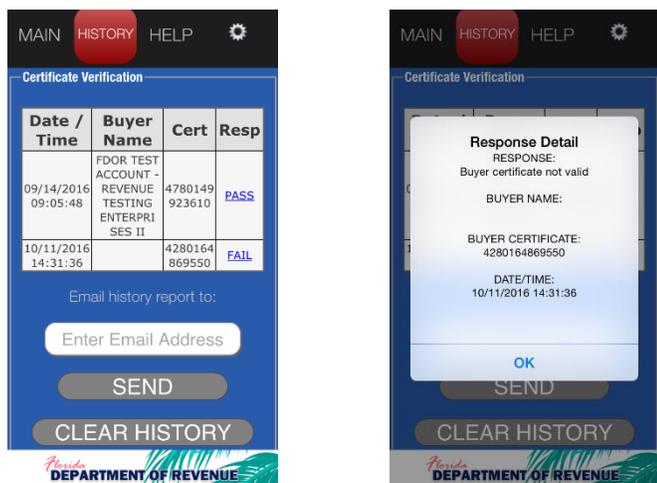

Enter seller and buyer certificate numbers; touch verify

Receive verification response instantly

Save or email the history record; open the detail

Features

- Store your own resale certificate number in the app for future reference.
- Enter your customer's certificate number to verify the number is valid for making tax-exempt purchases.
- Store a history record which includes each of your customers' names, certificate numbers, date and time verified, verification response and the transaction authorization code, if valid.
- Email the history report from within the app for your permanent records.

Support
