**Notice of Public Hearing  
CITY OF DUNNELLON  
has proposed providing Communications Services**

Florida law requires that a governmental entity must hold at least two public hearings before providing communications services within a community. Governmental entities are required to electronically provide the notice of public hearing to the Department of Revenue at least 40 days before the first public hearing.

Attached is a notice of public hearing to discuss whether the City of Dunnellon should provide communications services. This notice will also be posted to the Department's webpage within the Tax Law Library at [www.myflorida.com/dor](http://www.myflorida.com/dor) and within the Tax Information Publications webpage at <http://dor.myflorida.com/dor/tips/>.

By law the notice is required to include: the time and place of the hearings; that the purpose of the hearings is to consider whether the governmental entity will provide communications services; the geographic areas proposed to be served by the governmental entity; and the services, if any, that the governmental entity believes are not currently being adequately provided. The notice must also state that any dealer who wishes to do so may appear and be heard at the public hearings.
